

## BROADWATER LAKE

### Bye-Laws

1 No Groundbait, Bread, or Nuts to be used in any form.

It is permissible to use bait samples to attract fish to a baited area, but this is limited to 2kg. dry weight over a 12 hour period, with the exception of maggots and casters for which there is no restriction.

The use of PVA bags / mesh / string for introducing bait samples is acceptable. Method-feeders and open-end feeders can be used only in conjunction with trout or carp pellets, or soil. No other binding materials may be used.

The use of live fish as bait is not permitted.

*Please co-operate with our bailiffs on this important matter, and if in doubt about a particular bait or method, consult with our bailiffs before using it. The future quality of our fishing depends upon you.*

2 This water is open all year.

3 A levy of £20 will be made for the recovery of rods lost in the lake.

4 No surface baits of any kind may be used. Buoyant bait (pop-ups) may be used at a maximum of 2 inches (50 mm) from the lake bottom.
