

Get families FISHING!

Welcome to the 2020 Godalming Junior newsletter. Here we tell you what's on for young anglers in the club.

Introduction to Fishing sessions – For the whole family!

Every second Saturday from late May to early September we run coaching sessions at Marsh Farm. This is the best way to introduce young anglers to fishing and we encourage the whole family to take part!

Bait and tackle are provided by the club – all you have to do is book in and enjoy the fun! We offer great value junior membership to the club for just £20/year. So once you get the basics, join the club and you can go fishing when you like throughout the year!

We also offer coaching in more advanced techniques like pole, feeder and waggler fishing. If you feel confident why not try one of our junior competitions which are on at the same time on Richardson Lake.

Intro to Fishing sessions

- The first steps on your angling journey!
- All tackle and bait provided by the club
- Suitable for young anglers from Age 5 upwards
- ***Parents must stay with youngsters during these sessions***
- ***Booking in is ESSENTIAL as spaces are limited!***
